

THE CLUB

Broughton Tennis Club was established in October 1925 – we are now 84!

Membership numbers have varied over the years, however, we are at a stage where there is good enthusiasm from both senior and junior members.

At present there are over 90 members in the club, broken roughly down to 45 adults and 46 junior playing members.

The club shares the pavilion with Broughton Bowling Club and we of course welcome new members and would encourage tennis members to join the Bowling Club also.
